

Tru+™

truFIX® is – to say it lightly – kind of a big deal to Truvy fans. Why? Because it's our foundational product and it works! So what does this have to do with Tru+™, you're asking? We'll tell you: a new kind of classic, an improved version of Tru™, is here. You'll find all of the original truFIX® ingredients are still there, but we've added a real game-changer. Dr. Tory Parker concocted a Dual Appetite Control Ingredient and shoved it right in with everything else. So now, you get all the blood chemistry support effects of truFIX® coupled with added craving control and appetite suppressing ingredients.* How's that for an upgrade?

Ready for the deets?

Just like its predecessors, Tru+™ is designed to support blood chemistry.* But if you're like the few of us who aren't a nutrition expert like Dr. Tory Parker, you probably don't know much about why that's important. Am I right?

Well, here's how the doctor sees it. Blood is a complex mixture of red blood cells, white blood cells and plasma. Plasma contains and delivers all of the other chemistry that your body's cells need to grow and thrive. Having the right balance in your blood plasma also means a healthy cardiovascular system, which carries your blood throughout your body. So when we say blood chemistry, we are really talking about helping your blood plasma do its job while protecting your cardiovascular system from damage during the process. Tru+™ prevents this damage by defending you from free radicals and elevated blood sugar levels, both of which can wreak havoc on the body's weight management ability.*

With ingredients including Alpha Lipoic Acid (ALA), magnesium, chromium, raspberry ketones, and cinnamon bark extract, Tru+™ supports all systems of the body.* Tru+™ also supports healthy blood sugar and cholesterol within normal ranges.* Meaning maintaining your general health has never been easier!*

TRU+™ HAS A HUGE RANGE OF BENEFITS, FROM SUPPORTING BLOOD CHEMISTRY TO APPETITE AND HUNGER CONTROL.*

Supplement Facts

Serving Size 1 Capsule		
Servings Per Container 30		
	Amount Per Serving	% Daily Value*
Magnesium (as magnesium oxide)	30 mg	6%
